

Chasing Prairie Chicken & Other Colorado Birding Adventures

presented by Charlie Nims

Let's bird Colorado!! It is a wonderful place to bird given its diverse habitats including prairie, mountains & high plateau.

We will take a whirlwind tour around much of the state looking for Colorado specialties including several species of grouse on their leks, three Rosy-finch species, lots of raptors as well as a wide variety of passerines.

Along the way, we will encounter some big game, see lovely wildflowers and view spectacular scenery.
